### **GMS / PMS 2014-15 Contractual Requirement for Patient online Services**

It is a contractual requirement for GP practices to offer and promote to patients: online booking of appointments, ordering of repeat prescriptions and by 31st of March 2015 access to summary information (as a minimum) in their patient record. If you need any guidance, advice or support (including contact details), please visit NHS England's Patient Online Programme's web pages for more information <http://www.england.nhs.uk/ourwork/pe/patient-online/>

Middleport Medical Centre currently offers patients' facilities to book, view, amend, cancel and print appointments online.

We also offer the facility for all patients to order online, view and print a list of their repeat prescriptions or medicines and appliances.

Middleport Medical Centre plans to offer patients facilities to view on line, export or print any summary information from their record, relating to medications, allergies, adverse reactions and any other items agreed between the practice and individual patient, from **March 2015**, subject to the availability of NHS GP systems and software.

We will publicise and promote our online services to our practice patients through the practice website, practice waiting room leaflets, posters and the Patient Participation Group by October 2014.
